Request for Leave to Late File Comments

I, Warren C. Havens, along with Telesaurus Holdings GB LLC in which I have controlling interest,¹ filed Comments in the above-captioned rule making proceeding (the “Filing,” the “Proceeding”) today, May 16, 2002 via ECFS at approximately 9:25 am Eastern Standard Time. (ECFC Confirmation Number 2002516177961.) The due date for Comments in the above-captioned rulemaking filed via ECFC was midnight yesterday. The Filing was available for downloading from the ECFS website today,² along with the Comments filed by other parties dated May 15, 2002.

On May 7, 2002, the Bureau issued a Public Notice, DA 02-1070 (the “Notice”), extending by three days the previous deadlines for filing Comments and Reply Comments in the Proceeding in response to a request I filed (the “Request”) for extending the Comment deadline so that I could complete relevant research and incorporate such into the Filing, and by such,

provide a more complete record in the Proceeding. I completed this research and incorporated appropriate results into the Filing, however, I was not able to file by end of May 15, 2002, but filed as soon as I could at the start of May 16, 2002, effectively less than one business hour beyond the deadline.

I request that the Commission waive the May 15, 2002 deadline and accept the Filing, for the same public-interest reasons given in the Request. As noted above, the Filing was available today on the ECFS along with the other filings, dated yesterday, made via EFCS.³

Respectfully submitted, May 16, 2002,

Warren Havens

³ Also, as noted in the Notice, Comments could be filed either via ECFS or in paper form. Those filed at the end of yesterday in paper form would normally not be retrieved and delivered via Qualex any earlier than was my Filing submitted this morning via ECFS, or, if they were scanned and put into ECFC, then that would normally be no sooner than my filing made directly to ECFS this morning.
